

Certificate

CeGaT GmbH

Paul-Ehrlich-Str. 23, 72076 Tübingen

CeGaT GmbH declares that its Information Security Management System has been implemented and is maintained in alignment with the requirements of

DIN EN ISO/IEC 27001:2024-01

This certificate applies to the Information Security Management System (ISMS) covering:

“Genetic diagnostics and services such as sequencing, data analysis, and interpretation in the medical field, research, and for clinical trials.”

The organization has established documented policies, procedures, and controls designed to ensure that information security risks are identified, assessed, and managed appropriately.

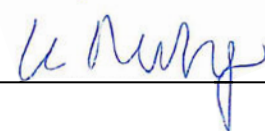

This certificate is valid as of the effective date. It is reviewed annually and updated as necessary based on internal audits, risk assessments, and organizational changes.
